Do you currently have COVID-19 or any symptoms of COVID-19? Yes No

These include a dry or continuous cough, a high temperature (over 37°C), or a loss or a change in your sense of smell or taste.

Please defer your treatment if you are waiting for COVID-19 test results, have recently tested positive for COVID-19 or have any of the symptoms mentioned above. If you have any of the symptoms of COVID-19 but have not been tested please telephone the Orkney Covid-19 test centre on 01856 888211 to book a test. If you have any other new or unusual symptoms, please discuss these with your therapist before your appointment.

Does anyone in your household have COVID-19 or symptoms of COVID-19? Yes No

If you are classed as being extremely vulnerable and require shielding, you will have received a letter from NHS explaining this. Defer treatments until the Government indicates that it is safe for you to leave home or have visitors providing non-essential care

Please check your temperature and assess for any other symptoms of COVID-19 on the morning of your treatment. If your temperature is higher than normal, or you notice any other symptoms, please contact the Pickaquoy Centre and defer your treatment.

Please ensure that you follow all new procedures explained to you by your therapist and the Pickaquoy Centre prior to treatment. A full risk assessment has been carried out by both your therapist and the Pickaquoy Centre and adheres to both Government Guidelines and the professional association(s) governing the practice of your therapist.

I can confirm that I am not presenting any of the following symptoms of COVID-19:

- Temperature above 37.8°C or higher
